As the coronavirus threat emerged in mid-March, CPCI expanded its life-saving mission to protect the health and safety of 500 guests planning to attend our 2020 Life Saver Event. This annual event celebrates the lives of the babies we save, the moms we help and the good people who make it all possible, but it is also critical in generating much needed awareness and contributions as CPCI keeps its doors open in the face of a pandemic.

Within a matter of days, the event was transformed from an “Evening with the Stars” at the Hilton Naples . . . to our first ever online Life Saver Event, complete with an interactive silent auction. Emceed by co-founder of 40 Days for Life and prolife activist David Bereit, the live event starred Unplanned’s real-life hero Abby Johnson, with presentations from CPCI’s CEO Gary Ingold and Development Officer Sarah Kozak.

As Abby Johnson emphasized, the work of Community Pregnancy Clinics is more important now than ever before. Our heartfelt thanks to the hundreds of
people who attended and supported CPCI’s livestreamed event — plus the hundreds more who’ve since watched the video recording.

SOCIAL DISTANCING AND SAVING BABIES

A look at life in our clinics amidst a pandemic

Before the pandemic, “Grace” was making a fresh start after years of drug addiction and two abortions. “Gina” was a young, career-minded woman pursuing an education while parenting a one-year-old. “Ruth” had three young children, with another on the way and an unsupportive husband. And “Penny” never dreamed that she and her boyfriend were expecting twins. What happened when the coronavirus put the world, their lives and their plans on hold . . . and they learned they were pregnant? By God’s grace, each

Baby Genesis grips her mother’s
woman found her way to a CPCI clinic that was staffed, “pandemically prepared” and, above all, open!

GAINESVILLE CLINIC RECEIVES "100th ULTRASOUND FOR LIFE"

The pandemic may have halted business as usual, but the Florida Knights of Columbus came through on schedule with delivery and installation of its 100th donated ultrasound machine in CPCI’s newest medical clinic across from the University of Florida.

The ultrasound machine is essential to our mission of helping women at risk for abortion in Gainesville’s large campus community, especially now as access to life-affirming services must continue during the pandemic. Florida Knights are the first in the country to reach the milestone of donating 100 ultrasound machines to prolife pregnancy centers. CPCI is honored with the distinction of being their 100th recipient — and the beneficiary of seven total ultrasound machines over the years! With gratitude for sharing in the Florida Knights’ historic achievement, CPCI will host an Ultrasound for Life Celebration to gain the bishop’s blessing on both our new machine and new clinic in Gainesville. The event is tentatively scheduled for October 8, and details will be announced at a later date.

CPCI - SARASOTA HAS AN EDUCATION CENTER

Construction is currently underway to double our current campus!
A big-hearted donor has made it possible for CPCI to lease the house next door to our Sarasota clinic and transform it into a multi-use space for client education and mentoring, as well as prolife meetings and events. With a focus on education, the center will serve as the CPCI’s classroom for Brightcourse, a web-based curriculum of lesson plans to help moms and dads learn about pregnancy, parenting, finances, goal setting and more — all with support from a CPCI Client Advocate. If you interested in volunteering your time as a Client Advocate, please contact Pam Stenzel, pstenzel@community4life.com.

CLINIC STAFF GRATEFUL FOR YOUR NOTES OF ENCOURAGEMENT

Our dedicated clinic personnel deeply appreciate the flood of kind and encouraging notes from our supporters as they meet the challenge of helping moms and saving babies under new protection protocols. Please keep them coming! See what others are saying . . .

“Though under hazardous conditions, you continue to do God’s work. You are in my wife’s and my prayers. Thank you! Stay healthy! Be well.” — Dennis

“God is blessing you and smiling down on you! We all pray for you.” — Jan

Thank you for all your hard work! The world is a better place because you are fighting for the safety of all.” — Paula

“There is no more important job in the world than the one you do every day! The evil in this world at times seems insurmountable, but you prove that it isn’t. Thank you for what you do every day and especially now for keeping the lights on during the pandemic.” — Jim

“Thank you for putting your lives on the line to save our unborn babies. It’s so important to help those mothers make the right decision to have those babies...” — Carol

“The doctors and nurses treating COVID-19 patients are heroes, but you folks who save babies from abortion are our SUPER-HEROES! Thank you and God bless you!” — Jim

“God bless and hold you in the palm of His hand as you work so hard to save babies and create caring mothers and even fathers, too! When this virus is

Want to be alerted to pray for a CPCi mother in crisis?

Here’s an easy way to help our moms and babies. Visit PrayforBabies.com/CPCI and sign up to receive a text message whenever a CPCi client needs prayers. For example: “Nurse Julienne is seeing an abortion minded client this afternoon, please pray for this client to choose life.” You may choose to receive alerts from any or all of our clinics, and you can simply reply “STOP” if you wish to discontinue.

Licensed counselor coming soon to
GAINESVILLE CLINIC

A mission critical component of the YOUniversity© campus outreach program in Gainesville is a professional counseling for students struggling with conditions inherent to the toxic “hook up” culture: relationship violence, pornography addiction, sexual abuse, couples counseling and more. Thanks to the outpouring of enthusiasm and support to fund this position, CPCI is moving forward to hire a licensed counselor as soon as possible. Originally planned for Spring 2020, the pandemic has put everything on temporary hold, but when the students return to campus this Fall, we’ll be ready!

NEW CORONAVIRUS TAX BREAK FOR CHARITABLE DONATIONS

There has never been a better time to support Community Pregnancy Clinics! Click HERE to learn more.
